Comments:

25X1

1. Previous information by the same source indicated that 30,841 tons of bauxite were imported from Hungary in July. Total bauxite imports therefore come to 37,681 tons in July. In June, 38,535 tons of bauxite were imported.
2. These shipments were probably consigned to the steel and rolling mill at Riesa. Total manganese ore shipments to Riesa were reported for the first time and no comparable data are available. Previously manganese ore shipments to Riesa were only recorded in reports on freight traffic through the Frankfurt/Oder border station.
